

At Indhira College of Education, teaching and learning are seen as an integral part of the development of a society. The unique teaching learning process at the institution focuses on the importance of mentoring. Mentoring is not just about transferring knowledge and skills, but also about providing professional and personal support to help students succeed in their graduate studies and beyond. Quality mentoring can greatly enhance students' chances for success, and as mentors at the college, the goal is to provide the best mentoring possible to help students develop their professional attributes and achieve success in their chosen fields.

The following components are included during mentoring

Active Listening

Identifying goals

Motivation

Listening with compassion Flexible

Non-Judgemental

Giving Constructive Feedback

Sharing Ideas / Experiences

Building Trust Asking Questions

The following questions are being asked during mentoring process.

1. Define the Goals of Mentoring
