1. MENTORING/ ACADEMIC COUNSELLING

Academic counselling involves assisting students in making informed decisions about their educational goals and career paths. Guidance counselors provide support and resources to help students navigate academic challenges and achieve success.

2. PEER FEEDBACK/TUTORING

Providing constructive peer feedback is crucial in helping individuals improve and grow professionally. It should be specific, objective, and given in a respectful manner.

3. REMEDIAL LEARNING ENGAGEMENT

Remedial learning engagement involves targeted interventions to help students grasp foundational concepts. These interventions may include one-on-one tutoring, small group instruction, or specialized programs to improve academic skills.

4. LEARNING ENHANCEMENT / ENRICHMENT INPUT

Enrichment input refers to the use of Information and Communication Technology (ICT) tools and resources to enhance learning experiences, engage students, and provide opportunities for interactive and personalized learning.

5. COLLABORATIVE TASKS

Collaborative tasks involve individuals working together towards a common goal or objective. This may include pooling resources, sharing knowledge and skills, and dividing tasks to ensure efficiency and success. By collaborating, team members can take advantage of each other's strengths, support one another in areas of weakness, and generate innovative ideas and solutions.

6. ASSISTIVE DEVICES AND ADAPTIVE STRUCTURES FOR DIVYANGJAN

Assistive devices and adaptive structures are essential tools for individuals with disabilities, or Divyangjan, to enhance their independence and quality of life. Adaptive structures, can also create a more inclusive environment for Divyangjan to navigate and participate in daily activities. By utilizing braille books, Divyangjan can overcome barriers and live more fully integrated and empowered lives.

7. MULTILINGUAL INTERACTIONS AND INPUTS

In today's interconnected world, multilingual interactions and inputs are becoming increasingly common and important. With diverse populations and global communication, individuals must be able to communicate in multiple languages to effectively engage with others. This includes various forms of communication such as speaking, writing, and understanding different languages.
